CITIZEN COMMENTS

Dayvin Hallmon, 1341 57th St., stated last week's events in Orlando has our nation and community in tragedy, confusion and minor paranoia along with other events in the recent past. He addressed things we can do locally to subvert similar situations. As local policy makers, they can help reduce and relieve the suffering he spoke of. He believes in terms of preventing these kinds of tragedies, it is in our best interest to look at the HRC Municipal Equality Index as well as Campaign Zero

Matt Flynn, 7945 18th Ave., stated he is the owner of Sophisticating and would like to know if their contract is valid or not. They contacted the County Executive's office in early March regarding additional fees being charged to their clients for using them instead of another caterer. Since then other clients have been told by Kemper Center staff that their services were not available to them. They now have the task to inform their customers that have secured their services that their efforts have failed to get answers to their questions.

Annette Flynn, 7945 18th Ave., questioned what money that was borrowed to Kemper Center by Kenosha County was used for. She does not believe that it was used for what it was intended for. She also spoke of the "whistle blowing policy". She requests an FBI investigation into Kemper Center Inc. and Kemper Center Foundation Inc. including questioning current and past employees. She also requests a forensic audit on Kemper Center Inc. and Kemper Center Foundation Inc. and a report back to the County Board within the next 60 days of the findings of these two requests.

Adell Frye, 1433 28th Ct. stated she is one of the 11 employees let go from the Community Health Center on May 31st. The last few years' employees have hit road blocks trying to get accountability for the Executive Director of the Kenosha Community Health Center. Anytime they would get someone to listen, the Director would retain an attorney and the employees would get emails threatening their jobs. The patients have limited resources which were already limited and becoming even more limited.

Chairwoman Breunig stated there is information on the supervisor's desk regarding the launch of the Fox River Water Trail.
