(4) Prosecution.

- (a) Policy. It is the declared policy of this county that ownership of a vehicle is sufficiently related to causing, allowing, permitting, or suffering a vehicle to be parked so as to require the owner to be responsible for the parking of said vehicle.
- (b) Responsibility. The person or other legal entity to which a vehicle is registered on the date of a parking ordinance violation shall be chargeable with said violation.
- (c) Presumption. It shall be presumed, upon a showing by the County, that a parking violation occurred and upon a showing that the party charged pursuant to this ordinance, was the registered owner of the unlawfully parked vehicle on the date of the violation, that said registered owner is responsible for and guilty of the violation charged.
- (d) Overcoming Presumption. The presumption in subsection (c), which established as therein specified, shall constitute a prima facie case and a basis for judgment, except where the person or other legal entity to which the vehicle is registered overcomes said presumption by the submission of proof of any of the following:
 - 1. The vehicle was stolen at the time the violation occurred and reported as such to law enforcement authorities within a reasonable time thereafter.
 - 2. The vehicle was lawfully parked.
 - 3. The ownership of the vehicle was lawfully transferred to another prior to the violation.
 - 4. The owner held or was eligible to hold a lawfully assigned permit to park in a restricted area.
- (e) Limitation. This ordinance does not prohibit the actual operator of the vehicle responsible for the parking violation to be prosecuted for said violation. However, where the owner is charged, no other charges shall be brought against another, pending the outcome of said action, and the conviction of the owner shall bar further prosecutions for the same offense.

(5) Removal of Illegally Parked Vehicles.

- (a) Whenever any county law enforcement officer has reason to believe that a vehicle standing upon a street, emergency vehicle lane, alley, public thoroughfare, upon any properly posted parking lot, or in any county park, is in violation of any provision of the county ordinances, or of any laws or regulations of the State of Wisconsin, or is also creating a public nuisance by obstructing the flow of vehicular or pedestrian traffic, by obstructing snow removal operations contrary to an emergency proclamation, or by obstructing construction or maintenance work contrary to posted temporary signs, he is authorized to require the owner or operator of said vehicle, if able to be found, to move the vehicle to a position not creating a public nuisance. Where the owner cannot be located or is not able to safely move said vehicle, the law enforcement officer may issue a citation and then have the vehicle moved by a county tow truck, or by a commercial towing concern, to a storage lot. Nothing in this section shall prohibit the issuance of a citation to an unlawfully parked or standing vehicle where the vehicle is not towed away. The vehicle shall not be released to the owner of said vehicle

until a release from the county sheriff's office is obtained, which release will be issued upon payment of the citation or the posting of a bond. The owner will further satisfy any mechanic's lien rights which the county or the towing concern may have prior to obtaining the return of said vehicle.

(b) When any vehicle is removed pursuant to this ordinance, the Kenosha County Sheriff or his duly authorized representative shall notify the owner and/or lien holder, when known, as to the whereabouts of the vehicle.

(2) Any vehicle in violation of this section shall be impounded by the Sheriff until lawfully claimed or disposed of under subs. (5) or (6) except that if the Sheriff, or his duly authorized deputy, determines that the cost of towing and storage charges for the impoundment would exceed the value of the vehicle, the vehicle may be junked by the Sheriff prior to expiration of the impoundment period upon his determination that the vehicle is not wanted for evidence or other reason.

(3) Any Sheriff's deputy who discovers any motor vehicle, trailer, semi-trailer, or mobile home on any public highway or private or public property which has been abandoned shall cause the vehicle to be removed to a suitable place of impoundment designated by the Sheriff.

Thereafter, the Sheriff shall dispose of the vehicle by sale at public action after publication in the official newspaper of a Class 1 notice under Ch. 985, Wis.
