ADVANCE DIRECTIVES

Advance Directives are written instructions that you make while you are mentally competent that state how you want your health care decisions to be made if you become incapacitated or cannot express your wishes. "Living Wills" and "Powers of Attorney for Health Care" are usual advance directives. They guide your physician and other health care professionals, and relieve your family and friends from the burden of guessing what types of care and treatment you would want to receive.

"Power of Attorney for Health Care" forms and instructions are available at:

Kenosha County Aging & Disability Resource Center (ADRC).
8600 Sheridan Road, Suite 500

Lifeline & Link-Up Programs

Lifeline and Link-Up are programs designed to help low income people or on a fixed income, reduce their phone bill and assist with telephone service connection and installation.

Eligible customers must be in a household that receives benefits from: W2, Medicaid, Supplemental Security Income (SSI), Food Stamps, Low Income Home Energy Assistance Program, WI Homestead Tax Credit, and/or BadgerCare.

(This program does not assist with past-due bills.)

To apply, contact your local telephone company and say you want to apply for the Lifeline & Link-Up programs for Wisconsin.

SafeLink Wireless Lifeline Service

Program designed to help low income people obtain free cellular service and phone.

LONG-TERM CARE FUNDING

Long-term care is help with daily living tasks and health needs because of one's advanced age, chronic illness or an intellectual or physical disability. This help can include different services, such as personal care, housekeeping or nursing. Long-term care is provided in people's homes, in small and large residential facilities, in nursing facilities and in the workplace. Long-term care funding programs have certain functional and financial criteria that must be met in order to be eligible.

Family Care

Family Care offers a wide variety of long-term care services, making it possible for seniors and adults with physical and/or developmental disabilities to live more independently at home or other community setting. Family Care allows services to be tailored to a person's needs, circumstances and preferences. Members will continue choosing their own physicians while Family Care provides you with the added long term care support.

Family Care Partnership Program

Family Care Partnership offers a wide variety of long-term care healthcare services, making it possible for seniors and adults with physical and/or developmental disabilities to live more independently at home or other community setting. The Family Care Partnership Program integrates a full range of long-term, primary, acute and preventive care through the use of interdisciplinary teams. The result is participants with complex health needs receive comprehensive, continuous, total care that addresses their changing needs. Participants must receive all routine care from a network of healthcare providers.

IRIS (Include, Respect, I Self-Direct)

IRIS allows you or your guardian to choose, control and design their support and service plan to meet your functional, vocational, medical and social needs. With IRIS, you have control over the type of services you receive at home or in your community residence. IRIS is grounded in the core values of self-determination:

- Freedom to decide how you want to live your life
- Authority to purchase services within a specific budget
- Support to organize resources in ways that are life enhancing and meaningful to you
- Responsibility for wise use of public dollars and recognition of the contribution you make to your community
- Confirmation of the important role of self advocates

For more information or to apply for funding programs, call the Kenosha County Aging & Disability Resource Center (ADRC) at 262-605-6646.

Resource Center staff will arrange to meet with you to explain more about various long-term care options and to check your eligibility for the long-term care programs.
