

# KENOSHA/RACINE LEAD-FREE COMMUNITIES PARTNERSHIP

**Was your home built before 1978?**

**Do you have children under 6 living at or  
visiting your home?**

**Does your home have chipping or  
peeling paint?**

**LEAD COULD BE A HAZARD FOR  
YOUR CHILDREN.**

**The Kenosha/Racine Lead-Free Communities Partnership can make  
your home lead-safe. Occupants must be low income. Priority is  
given to those rental units with children under 6, pregnant women or  
residential based daycare facilities.**

**Give your children a safer home.  
Have your children tested.  
Prevent lead poisoning.**

**For more information call:**

**Kenosha (262)605-6762 Racine (262)619-3572**
