Mr. Frank Pacetti
City Administrator
City of Kenosha
625 52nd Street
Kenosha, WI 53140

Dear Mr. Pacetti,

The Kenosha Area Convention & Visitors Bureau strongly supports Google's efforts to build and test an ultra-high speed broadband network. We believe the Kenosha Community is willing and able to partner with you to achieve your goals to deploy a network efficiently and quickly.

We have partnered with the City of Kenosha, Village of Pleasant Prairie, Town of Bristol and the Town of Wheatland to promote the Kenosha Area as a desirable travel destination. Working together we grew tourism expenditures in Kenosha County to record \$225.2 million in 2008. Since 1994, tourism spending in the Kenosha Area has increased 147%. This is just one of many examples of how the leadership in our community partners together to make things happen.

Thank you for giving our community the opportunity to partner with Google to build and test an ultra-speed network in our community. The Kenosha Area Convention & Visitors Bureau fully supports this partnership opportunity and would like to extend an invitation to visit our community.

Sincerely,

Dennis A. DuChene II
President
