

# TOWN OF BRIGHTON

## FACT SHEET

### **Inventory of Utilities**

---

#### **Sanitary Sewer Service**

All properties in the Town of Brighton rely on private on-site wastewater treatment systems (POWTS), regulated by Kenosha County. Between 1980 and 2006, permits for 296 POWTS were issued for the Town.

#### **Water Supply**

Water for domestic and other uses in the Town of Brighton is supplied by groundwater through the use of private wells. The Town does not have a public water supply system.

#### **Stormwater Management**

Stormwater drains through natural watercourses, roadside swales, culverts, and detention basins. The Town does not have an engineered storm sewer system.

#### **Electrical Power and Natural Gas**

We Energies provides electric power and natural gas services throughout the Town of Brighton.

#### **Telecommunications Service**

Wireless antennas providing wireless cell phone service in the Town of Brighton include: Cingular, Nextel, U.S. Cellular, and Verizon. In 2005, there were 4 wireless antenna towers in the Town; 1 accommodated antennas for three companies and 3 accommodated antennas for a single carrier.

#### **Solid Waste Management Facilities**

The Town of Brighton provides a drop-off station at the Brighton Town Hall, operated by Waste Management, Inc. Town residents may also contract privately with Waste Management for garbage collection services.

Solid waste collected from the Town of Brighton is deposited in the Pheasant Run Landfill in the Town of Paris. The landfill is owned by Waste Management, Inc., and has a total capacity of 21.4 million cubic yards. As of 2006, there were 4.1 million cubic yards remaining, or an estimated three additional years of activity at its current capacity and use. A proposed expansion of the landfill is currently being reviewed by regulatory authorities, including Kenosha County.
